RESEARCH INTEREST

Interpretable Machine Learning, Sequential Recommendation, Dataset Distillation, Contextual Bandit

EDUCATION

Hong Kong University of Science and Technology	GPA: 3.8/4.3
<i>Ph.D. Candidate in Data Science and Analytics, Academy of Interdisciplinary Studies</i>	Sep. 2021 - Present
Hong Kong University of Science and Technology	GPA: 3.8/4.3
<i>M.Sc. in Big Data Technology, School of Engineering</i>	Sep. 2020 - Jun. 2021
Nanjing University of Science and Technology	GPA: 3.7/4.0 (Ranking: 2/74)
<i>B.S. in Intelligent Science and Technology, School of Computer Science and Engineering</i>	Sep. 2016 - Jun. 2020

PREPRINTS AND PUBLICATIONS

INTERNSHIP

Weixin Group, Tencent	Shenzhen, China
<i>Research Intern in WeChat Pay</i>	Aug. 2024 - Mar. 2025
<ul style="list-style-type: none">Developed advanced user behavior sequence modeling for commercial transactions (patent-pending), improving fraud detection by over 20% in top 0.01% recall rate through online and offline evaluations.Fine-tuned large language models for payment data analysis, enabling characterization of fraud-induced user behaviors.Implemented advanced feature engineering for Key Account merchants, achieving over 92% accuracy in complaint category classification.	
New Energy Vehicle Research Institute, YueBoo Power System	Nanjing, China
<i>Research Intern in Intelligent Driving and Perception Research Group</i>	Jul. 2020 - Aug. 2020
<ul style="list-style-type: none">Developed and optimized object detection algorithms for autonomous driving.	

TEACHING ASSISTANT

DSAA5009 Deep Learning in Data Science (Spring 2023)	HKUST
UFUG1105 Honors Calculus I (Fall 2023)	HKUST

SKILLS

Language: English (Fluent), Mandarin (Native)

Programming Languages: Python, SQL, C/C++, Matlab, R

Machine Learning Frameworks: TensorFlow, PyTorch

Big Data Tools: PySpark, Hadoop

Backend Frameworks: Django

AWARDS

International Chinese Statistical Association Honorable Mention Poster Award, July 2023

Outstanding Graduate of Nanjing University of Science and Technology, June 2020

Third Prize in 5th "Internet+" Entrepreneurship and Innovation Competition, Sep 2019

Third Prize in 10th "Lanqiao Cup" C/C++ Programme Design Match, Mar 2019

Merit Student of Nanjing University of Science and Technology, Oct 2018/2019

First Prize Scholarship of Academic Year, Sep 2017/2019/2020
